**To Presidents / National Representatives
IFCC Member National Societies**

Dear President / National Representative,

The purpose of this letter is to invite applications from suitably qualified individuals to become a Full Member of C-CC for a three-year period commencing January 2023. Applications are invited from any Full Member country of IFCC. Individuals who have experience in organizing national, regional and/or international congresses in clinical chemistry and laboratory medicine may be particularly interested in this position.

Applications should be submitted with a short CV of the nominated individual, that concentrates on the suitability for this appointment, together with a letter of support from the nominating Full Member Society. Applications should be sent via e-mail to the IFCC Office (cardinale@ifcc.org) no later than **October 21st, 2022**.

The C-CC normally meets once a year, often during a Regional or National congress. IFCC covers the travel expenses of Full Members attending the C-CC meeting each year. The C-CC has responsibility for a range of activities related to congresses, conferences and scientific meetings. These responsibilities include:

- Oversight of the biennial International Congress of Clinical Chemistry and Laboratory Medicine;
- Oversight of the biennial EuroMedLab Congress of Clinical Chemistry and Laboratory Medicine
- Oversight of the four Regional Congresses of Clinical Chemistry and Laboratory Medicine;
- Oversight of the IFCC General Conference
- Membership of the organising committee of some of the IFCC Specialised Conferences;
- Provision of advice on how to organise a conference;
- Granting of IFCC auspices for conferences in the field of laboratory medicine.

Further information about C-CC is available on the IFCC web site www.ifcc.org

Members of the C-CC all contribute to the work of the Committee. They are each allocated one or more specific events or areas of activity where they are expected to take the lead role. A member of the C-CC is kept busy, but the work is interesting and can provide excellent opportunities for making new international friends and contacts.

Sincerely yours,

Khosrow Adeli
IFCC President

Päivi Laitinen
Chair of the IFCC Congresses and
Conferences Committee (C-CC)
