**To: IFCC Full Member Societies' National Representatives  
IFCC Affiliate Societies' Representatives  
Representatives of IFCC Corporate Members**

Dear Colleagues,

The Task Force on Global Lab Quality (TF-GLQ) is dedicated to improve quality, particularly through the implementation of IQC- and EQA-programs, in Clinical Laboratories, with a primary focus on developing countries.

**We are inviting nominations for one Member position for the term of office 2024-2026.**

The candidates should have extensive experience in the area of work of the Task Force. For further information, please visit: <https://ifcc.org/executive-board-and-council/eb-task-forces/task-force-on-global-lab-quality/>

Much of the work of the TF committees is conducted by email, but TF-GLQ meets monthly via Zoom and in person once per year.

All National Society Members are requested to encourage appropriate members to apply for this position. Applicants who are not selected as members may be eligible for corresponding membership.

Nominations should be directly sent to the IFCC Office ([cardinale@ifcc.org](mailto:cardinale@ifcc.org)) **by 19 February, 2024.**

The information must include:

- Letter of support from the National Society/Company;
- Curriculum Vitae of the nominee describing the professional and/or academic career (including a list of publications), particularly highlighting the issues which could be important for the selection.

We look forward to receiving your replies.

With kind regards

*Professor Egon Amann and Professor Qing Meng  
Co-Chairs of IFCC Taskforce on Global Lab Quality*
